

Elevate Higher Education

Transforming Indonesia Universities for Golden Indonesia 2045

A multi-year university transformation initiative (2026-2031)
co-created with Indonesian Universities in the spirit of gotong royong

Why This Matters

Future-Ready Graduates

Meeting the growing demand for skilled talent across technology, industry, healthcare, and the creative economy.

AI & Digital Transformation

Preparing universities to thrive in the era of artificial intelligence and digital disruption.

Global Partnerships

Accessing world-class expertise, methodologies, and international networks.

Regional Impact

Positioning universities as engines of innovation and economic growth across Indonesia.

What Universities Receive

International Workshops

Three participants. Three international workshops. Expert-led blended learning and follow-up mentoring.

Learning Modules

CDIO Curriculum ▪ AI & Digital ▪ Rankings ▪ Research ▪ Sustainability ▪ Internationalisation

Global Network Access

Connect with ANU, Tsinghua, RMIT, Singapore Polytechnic, KTH, embassies, and international partners.

Tools & Best Practices

Proven frameworks, methodologies, templates, and practical resources for institutional transformation.

International Network of Quality Assurance Agencies in Higher Education

and more.

HIGHER EDUCATION

Advanced Leadership Program

Jakarta, Wednesday 29 to Friday 31 July 2026
Elevating Universities – Empowering Indonesia's Future

In the spirit of **gotong royong**, Elevate HE works with leaders to **transform universities** into engines of social and economic development to reach the national vision of Golden Indonesia 2045. Taught over **three days** by leading international and Indonesian experts this program helps new and emerging **Rectors, Deans and Directors** build core and functional capability.

Individual Development

- Leadership & governance skills
- Global sector expertise
- Education quality assurance
- Research & innovation excellence
- Rankings & performance success
- Sustainable industry engagement

Engagement Experiences

- Personal leadership plan
- Group project collaboration
- Capstone pitch presentations
- Networking and mentoring
- Reflective professional journal
- Lead national development

- ✓ 1-3 Participants
- ✓ Package discounts
- ✓ RPL recognition

WHATS INCLUDED

-  Three days full training
-  Catering
-  Networking dinner
-  Individual support
-  Access to module materials

The Modern Curriculum & Graduate Readiness

Yogyakarta, 28–30 September 2026 · Hosted at Universitas Gadjah Mada (UGM)

3-Day Executive Workshop

In-Person, Yogyakarta

Rectors & Academic Leaders

English + Bahasa Indonesia

Indonesia has more than **4,600 universities**. The scale is there. What's missing is the speed of transformation toward quality, relevance, and global competitiveness. This workshop officially launches the One-Year Curriculum Development Programme, bringing university curriculum taskforces together around the globally recognized **CDIO (Conceive-Design-Implement-Operate)** framework — in direct service of the Golden Indonesia 2045 vision.

Three Pillars of Discussion

Pillar 1

Rationale & Drivers for HE Reform

Analyzing gaps between traditional teaching models and contemporary graduate readiness requirements.

Pillar 2

CDIO Standards & Competency Mapping

Transitioning traditional syllabi into interactive competency maps with active, experimental learning at the core.

Pillar 3

Institutional Transformation Pathways

Addressing cultural resistance, administrative readiness, and long-term faculty development for continuous quality.

3-Day Agenda at a Glance

DAY 1 · SEP 28

Rationale, Systems Thinking & CDIO Foundations

08:30 – 09:15

Opening Plenary & Program Framing
UID Leadership & UGM Host Faculty

09:15 – 10:45

Keynote: HETransformation Frameworks
Prof. Edward Crawley (MIT / Tsinghua SEA)

11:00 – 12:30

The University as a Dynamic System
Prof. Mats Hanson (KTH Sweden)

13:30 – 15:15

Introduction to CDIO Core Standards
Dr. Helene Leong & Dr. Lim Joo Ghee (SP)

15:30 – 17:00

Stakeholder Analysis & Change Drivers
Prof. Shobi Lawalata & Dr. Dessy Aliandrina

DAY 2 · SEP 29

Institutional Contexts & Competency Mapping

09:00 – 10:45

Partner University Institutional Presentations
Participating Rectors & Deans

11:00 – 12:30

Target Program Selection Clinic
Ass. Prof. Muhammed Arifin (Poli Batam)

13:30 – 15:15

The CDIO Syllabus Deep Dive
Dr. Helene Leong (Singapore Polytechnic)

15:30 – 17:00

Interactive Dialogue: Readiness & Barriers
Prof. Angel Calderon (RMIT University)

DAY 3 · SEP 30

Applied Alignment & Forward Planning

09:00 – 11:00

Applied Working Session: Curriculum Alignment
CDIO Framework Taskforce Leaders

11:00 – 12:30

Formulating the 1-Year Integrated Pathway
Prof. Mats Hanson (KTH Sweden)

13:30 – 15:30

Deployment of Peer-to-Peer Mentoring Network
Dr. Leong, Prof. Hanson & Mike Touri (Tsinghua)

15:45 – 17:00

Summative Review & Next Steps Mandate
UID Coordinator & ToR Secretary

Expected Outcomes

Program Transformation Shortlist

Select targeted BSc and MSc programs for systematic structural overhaul during the 2026–2027 cycle.

Readiness Surveys & Environmental Scan

Deep-dive internal readiness surveys and industrial trend scans — mandatory before the November Bali workshop.

Initial Competency Blueprint

Draft a baseline stakeholder competency map aligning learning goals with identified industrial needs.

International Mentor Matching

Each university taskforce aligned with a global CDIO faculty mentor and monthly monitoring sessions initiated.

Expert Faculty & What You'll Gain

World-class academics and practitioners — and everything included in your investment

Expert Faculty

Prof. Edward Crawley

MIT / Tsinghua Southeast Asia

Co-founder of the CDIO initiative. Research spans systems architecture, HE transformation, and university positioning within national innovation ecosystems.

Prof. Mats Hanson

KTH Royal Institute of Technology

Professor Emeritus in mechatronics and HE development. Chair of Faculty at UID. Pioneer of active, experiential learning in engineering education.

Mike Touri

Academic Director, Tsinghua SEA

Leads academic strategy at Tsinghua SEA, Kura Kura Bali. Specializes in international knowledge exchange and multi-stakeholder capacity-building.

Dr. Helene Leong

Curriculum design specialist with deep expertise in outcome-based education and CDIO implementation. Leads applied sandbox sessions mapping competencies to modern syllabi.

Prof. Angel Calderon

RMIT University, Australia

30+ years in institutional research and performance optimization. Led RMIT's global rankings uplift. Global authority on student equity and internationalization.

Dr. Shobi Lawalata

United in Diversity Foundation

Senior expert in ecosystem leadership, stakeholder engagement, and SDG-aligned multi-sectoral collaboration through Gotong Royong and systems thinking.

Dr. Dessy Aliandrina

SociopreneurID

Innovation expert and founder of Sociopreneur Indonesia. Helps universities design innovation-focused learning activities and high-impact capstone projects.

Ass. Prof. Muhammed Arifin

Politeknik Negeri Batam

Technical education leader and CDIO taskforce member. Hands-on experience in localized curriculum transformation and project-based learning deployments.

What's Included & Investment

What You'll Get

Everything included in your registration

3 days of full training with international faculty from MIT, KTH, Singapore Polytechnic, RMIT, and ANU

Access to all module materials — CDIO frameworks, competency mapping templates, and institutional readiness toolkits

International faculty mentor matched to your institution for ongoing monthly support through the 1-year transformation cycle

Full catering including daily lunches and a formal networking dinner on Day 2

Individual support — coaching on your specific institutional challenges and transformation roadmap

Investment

IDR 15,000,000

- ✓ Package discounts available for multiple delegations
- ✓ RPL (Recognition of Prior Learning) recognition
- ✓ Covers all 3 participants from your institution
- ✓ Certificate of completion issued to all attendees

3-Day training
